Here is the message I had sent on November 4. Again, Charlotte and staff were included. You may see that BLM has asked for a week extension. I expect that we will say yes to that extension. Would you have any concerns with the extension?

Subject: Materials from the October 19 Federal Mining Dialogue Meeting--Including Action Items

All,

Thanks again for attending the Federal Mining Dialogue (FMD) meeting on October 19, 2015. It was a very productive meeting with 26 people attending in person and at least 6 attending via phone.

The following documents are attached:

- [Updated Roster - FMD Roster 10 30 2015.xlsx](#)
- [Meeting Notes - FMD_Meeting_Oct_2015_Notes.docx](#)
- [FMD Charter - FMD_Charter_draft_3-23-2012.docx](#)
- [FMD Communications Strategy - Communication and Coordination Strategy3-23-12.docx](#)
- [FMD Priority Setting Summary - Federal Mining Dialogue Priority Setting Summary Paper - March 23, 2012.docx](#)

For those of you who are interested, the report of the independent technical evaluation of the Gold King Mine incident by the U.S. Department of the Interior is available at <http://www.usbr.gov/docs/goldkingminereport.pdf>.

The action items from the meeting are as follows:

•□□□□□□□ By November 20, send Bill Lodder (William_lodder@ios.doi.gov), Larry Zaragoza (zaragoza.larry@epa.gov) and Lee-Ann Tracy (lee-ann_tracy@sra.com) the following:

- Comments and changes to the three attached draft documents (Charter, Communication Strategy, and Priority Setting Summary)
- Names of potential Steering Committee members (SESer)

•□□□□□□□ By December 4, Lee-Ann will send Bill, Larry and Shahid the compiled notes.

•□□□□□□□ Let Lee-Ann know if you want access to the SharePoint site. Even if you previously had access, you need to let Lee-Ann know so she can re-establish your access.

•□□□□□□□ Let Lee-Ann know of any additional corrections to the roster (including deletions for those who have retired).

The next FMD meeting will be in January 2016 and will be a conference call. The revised documents will be discussed and a draft 5-year vision for FMD will be shared with the FMD and comments sought so that a draft can be provided to the steering committee (SES group).

Thanks,

Larry Zaragoza, D.Env.
